92N-0297

OB 1

United Parcel Service, Inc. ("UPS") respectfully submits the following comments in response to the Notice of Final Rulemaking request for comments, Food and Drug Administration (FDA) 21 CFR Parts 203 and 205 Docket Number 92N-0297 and 88N-0258 RIN 0910-AA08.

As the world leader in package and document delivery, UPS has successfully delivered millions of pharmaceutical sample shipments from leading manufacturers, wholesalers, distributors and fulfillment houses to doctors, practitioners, medical facilities and salespeople across the country.

Both UPS and its customers have invested heavily in technology to where today we not only communicate electronically but can download, sort, marry and store huge amounts of data which is all instantaneously retrievable in any format on demand.

Our customers continue to tell us they view their use of UPS and our exclusive Delivery Confirmation Information Vendor, Parcelink, to be the most complete service available in the marketplace today offering a "closed loop" delivery with the highest degree of compliance attainable.

Years ago, when a paper document (Acknowledgement of Delivery) was used, the closure rate for pharmaceutical sample shipments was perhaps at best 35-40% based on the return of the paper document. Multiple telephone calls or mailings seeking closure of these shipments perhaps yielded another 25-30% acknowledgement of receipt but only after much time and expense on the part of the shipper.

Today's rules and regulations that our pharmaceutical customers operate under result in hundreds and thousands of shipments daily containing the correct product and dosage as requested by the licensed recipient.

The secured electronic exchange of data between UPS and its customers is received and stored awaiting the electronic capture of the recipient's signature. This information is married and held for 5 years and is accessible and retrievable by our customers at any time.

We understand and completely support the FDA's concern and desire for information to determine whether sample diversion has occurred. We ask only that an electronic capture system such as the one we offer to our pharmaceutical customers be an acceptable method to meet the FDA's informational needs.

Please refer to our presentation attached for more details and supporting compliance statistics of our current process.

We thank you again for the opportunity to comment on the final rule and should you have any comments or questions or require additional information please contact either Theresa Giordanengo, Vice President of Strategic Accounts at (404) 828-7086 or e-mail at tgordanengo@ups.com or Danielle Prescott, Strategic Accounts Manager at (404) 828-8094 or email at dprescott@ups.com.

Respectively submitted,

United Parcel Service

**United Parcel Service
Technology Update
Re:
Delivery of Pharmaceutical
Sample Shipments
January 31, 2000**

*UPS, ParceLink and our
Pharmaceutical Customers work
closely together in the business of
preparing, shipping and accounting
for hundreds of thousands of sample
shipments.*

*We believe that together we
have taken accountability and
compliance to the highest possible
level.*

Pharmaceutical Sample Shipments Checks & Balances

1. Request is received from the Doctor
2. Pharmaceutical Co **VERIFIES** License of Doctor
3. Pharmaceutical Co. Processes order:
 - Pick & Pack
 - Internal Audit
 - Applies **ADULT SIGNATURE REQUIRED** LABEL
 - Includes packing list
 - **SEALS** & STAGES CARTONS FOR CARRIER PICKUP

Pharmaceutical Sample Shipments Checks & Balances

4. Pharmaceutical Co. electronically downloads to
ParcelLink over a **SECURE DATA LINK**

- **ORDER FILE**
- **SHIPPING FILE**

These files typically contain: Name, address, city, state, zip, Phone #,
Package weight, charges, Tracking #, product quantity, product Name,
dosage, lot number, Expiration date, etc.

5. ParcelLink verifies receipt of data
 - Exceptions (if any) are noted

Pharmaceutical Sample Shipments Checks & Balances

6. Package in transit by UPS

- ParceLink receives status records from UPS (secured data line)

7. UPS delivers package

- **OBTAINS SIGNATURE**
- **ENCRYPTED** and stored in **DIAD** board
- Sends ParceLink:
 - **DATE & TIME OF DELIVERY**
 - **ENCRYPTED SIGNATURE OF PERSON RECEIVING PACKAGE**
 - **CLARIFIED NAME OF PERSON RECEIVING PACKAGE**

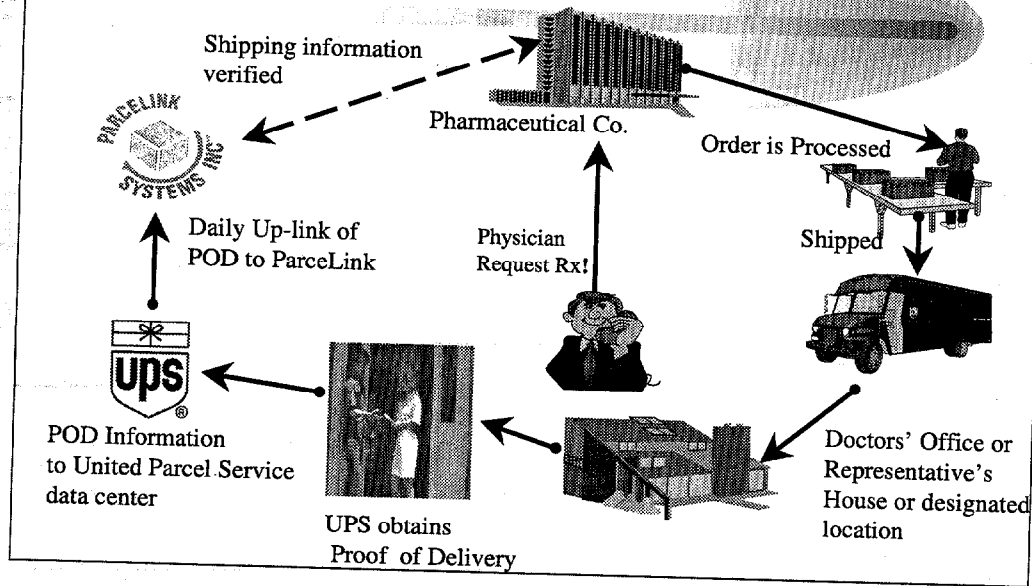

Pharmaceutical Sample Shipments Checks & Balances

8. ParceLink **MARRIES** delivery data to order file & shipping file (**CLOSED LOOP SYSTEM**)
9. Tracers are **PROACTIVELY** generated by ParceLink if needed
10. Customized letter on any package with **PROOF OF DELIVERY** Signature
 - Written response scanned to customer **SECURE DATA BASE**

Pharmaceutical Sample Shipments Checks & Balances

11. Any **EXCEPTIONS** are noted to Pharmaceutical Co by ParceLink via various reports
12. All information is stored a minimum of **5 YEARS**
13. All information is retrievable by the customer **ON DEMAND**
14. Data integrity throughout this process is **MAINTAINED & SECURE**

Pharmaceutical Sample Shipments Checks & Balances

Pharmaceutical Sample Shipments Checks & Balances

- When Delivery Confirmation is selected as an option on a UPS approved manifest system, a 1Z barcode like the one to the right is produced.
- A signature is required to be collected by the UPS Driver.

Pharmaceutical Sample Shipments Checks & Balances

- If a UPS Driver tries to complete the stop without a signature, the following prompt, circled on the right picture will appear.
- This functionality is based upon special UPS 1Z barcode that requires a signature when the UPS Delivery Confirmation barcodes are scanned by the electronic UPS Delivery Boards.

Street #	Stre Need Signature			
100	PB BALTIMORE 21			
1	Col Amt	Ship #	ID#	Remark
1		WX0049	003	

** UPS and our Pharmaceutical customers feel that together we have a system in place that is complete, compliant, secure, and user friendly that meets and exceeds all of the informational requirements desired by the FDA.*

** We can satisfy any audit requirement whether it's 2 business days, 48 hours or On Demand.*

** Our electronic technology is state of the art and certainly supports the intent of the government's Paper Reduction Act of 1995.*
